

Army Of Lovers, Sexual Revolution

sexual revolution

Love is love let's come together
 Love is free it lasts forever
 Free is love my contribution
 Hail the sexual revolution
 Love is love the world united
 Love is free I'm so excited
 Free is love our constitution
 Hail the sexual revolution

 There's been a way from the start
 To ease the pain in your heart
 I've come to show you the way
 I see the light in your eye
 A sparkle from paradise
 I have this message to say

 I love you
 The greatest love is yet to come
 I love you
 You gotta fight keep hanging on
 I love you
 Stand together black and white
 Sleep united Hold on tight
 Tonight

 (chorus)

 Reach out and touch let me heal
 The way that you make me feel
 We'll be together some day
 Why limit love two and two
 When there's the world me and you
 I have this message to say

 I love you
 So come on baby take the chance
 I love you
 The time is right for dance romance
 I love you
 Stand together straight and gay
 Sleep united night and day
 Tonight

 (chorus)

 I love you
 The greatest love is yet to come
 I love you
 You gotta fight keep hanging on
 I love you
 Stand together black and white
 Sleep united Hold on tight
 Tonight

 (chorus)

 Love is love let's come together
 Love is free it lasts forever
 Free is love my contribution
 Hail the sexual revolution
