

# Army Of Lovers, Someone Somewhere

I believe in miracles  
A broken heart can mend  
Still I can't defend  
Hours that I spend  
Crying over losing in  
The battle of my heart  
Always back to start  
Mend my broken heart

One upon a time I know  
A fairytale comes true  
Why should I be satisfied with you

Someone somewhere  
I believe one day I'll see  
Someone somewhere  
Take a special pride in me  
Someone somewhere  
That's the place for me to be  
Someone somewhere  
Some day's gonna set me free

Why go on pretending  
I've yet something to protect  
Love I should collect  
Gain my self-respect  
What makes you believe  
You've got the right to hang around  
I'll fight you to the ground  
I'm still heaven bound

One upon a time I know  
A fairytale comes true  
Why should I be satisfied with you

Someone somewhere  
I believe one day I'll see  
Someone somewhere  
Take a special pride in me  
Someone somewhere  
That's the place for me to be  
Someone somewhere  
Some day's gonna set me free
