

# Arno, Black Dog Day

My liver is crying  
My body is dying  
I just wanna to sleep  
I don't wanna feel  
"Never again" is my best friend  
I need your love to survive  
Black dog day, black dog day,  
Rules my day, rules my day  
Black dog is coming into my brain  
Real men don't cry  
Real men don't lie  
Treat me nice then leave me alone  
Black dog day, black dog day,  
Rules my day, rules my day  
Black dog is coming into my  
Losing your pride  
Is like losing your pants  
Drinking to forget is like ending up  
In a cold sweat  
All you need is time  
But time is not on my side  
It's one of the worst days of my life  
Black dog day, black dog day,  
Rules my day, rules my day  
Black dog is coming into my brain  
Black dog day, black dog day,  
Rules my day, rules my day  
Black dog is coming into my brain  
Black dog day, black dog day,  
Rules my day, rules my day  
Black dog is coming into my
