

Arno, From Zero To Hero

You make me scream
You make me sweat
You make me wish, we never met
I agree, I confess
It's all about sex
Look at me, out of control
My skin looks yellow
My love like mellow
I see another face in the window
Another face, I'm not your hero

No, no, no, no I'm not your hero
No, no, no, no I'm not your hero
From hero to zero
From zero to hero
From hero back to zero
From hero back to zero

Have kids, get bored
Get fat, split up
But sooner or later
Sooner or later
All things must pass

No, no, no, no I'm not your hero
No, no, no, no I'm not your hero
From hero to zero
From zero to hero
From hero back to zero
From hero back to zero

You make me sweat
You make me scream
I'm on my knees, I'm on my knees
She talks like me
But she don't love me
She's full of hopes, hopes and dreams

From hero to zero
From zero to hero
From hero back to zero
From hero back to zero
