

# Arno, Jive To The Beat

You can wear what you want  
You can be what you want  
Well do what you want  
Take what you need  
Do what you feel

Don't lose your pride  
Don't step away to the side  
Kiss the past goodbye  
Don't step away to the side

Jive to the beat  
Stay on your feet  
Jive to the beat  
Stay on your feet

Take a look at Mona Lisa  
She's got the smile of the blues  
Take a look at her  
Take a look at her  
She's got the smile of the blues

Jive to the beat  
Stay on your feet  
Jive to the beat  
Stay on your feet

I don't need somebody  
To destroy my proud  
I don't step away to the side  
And I hope I get it right

I prefer a smart heart  
Instead of a smart head  
I hope I hope I get it right  
And I  
I get it right

Jive to the beat  
Stay on your feet  
Jive to the beat  
Stay on your feet

Jive jive jive to the beat  
Jive jive jive to the beat

Jive to the beat  
Stay on your feet  
Jive to the beat  
Stay on your feet

Jive  
Jive  
Jive  
Jive  
Jive  
To the beat
