

Arrested Development, United Front

The great depression everyone is in depression
No one knows exactly what's their role
totally confused, depressed cuz of the news
Watch TV, more bad is what U see
Everyone's lost & were looking for a savior
Everyone's blind & were looking for a leader
We've lost our faith so we need someone to guide us
Right now it's so easy to be deceived
I'm climbing my soul to reach to newer levels
Reach the mountain top so I can better see
step back and see the whole mighty picture
Gain control of my destiny
I'm climbing my soul so I can picture a solution
cuz once I picture this it can be
I cannot leave my life within this uncertainty
I call on the red, & the black and green,
& the black and the green!

United we stand United we fall
United we plan as a United front.

I walk the streets and try to pass energy
Put the gun down black man give me a pound
Save those rounds for a real confrontation
understand who U R as a man
Everyone's lost & were looking for a savior
Everyone's blind & were looking for a leader
We've lost our faith so we need someone to guide us
Right now it's so easy to be deceived
I'm climbing my soul to reach to newer levels
Reach the mountain top so I can better see
step back and see the whole mighty picture
Gain control of my destiny
I'm climbing my soul so I can picture a solution
cuz once I picture this it can be
I cannot leave my life within this uncertainty
I call on the red, & the black and green,
& the black and the green!
