

Arsenie, Minimum

(Shes the one)

(Shes the one)

(Shes the one the only one)

(Shes the one)

(Shes the one)

(Shes the one my only one)

Life is a game for two

I thought I would play it with you

But now I play along

In a game that you dont belong to

And I pray for the minimum

Yes I pray for the minimum now

Should I pray for the minimum now?

[Ref. :]

When its hard to belive

I pray the minimum model

I will find a way minimum model

You say goodbye

Leavin it all behind

I sware I would change for you

Ill do anything you ask me to

Dont you go away

Cuz Ill never find someone like you

And I pray for the minimum

Yes I pray for the minimum now

Should I pray for the minimum now?

[Ref. :]

When its hard to belive

I pray the minimum model

I will find a way minimum model

You say goodbye

Leavin it all behind

Love you every second

Love you everyday and all my life

Waiting for the time when youll be mine

Everytime I close my eyes

I feel lost in your eyes

Youre the one my only one

[Ref. :]

When its hard to belive

I pray the minimum model

I will find a way minimum model

You say goodbye

Leavin it all behnd

(She's the one)

(Shes the one)

(Shes the one the only one)

(Shes the one)

(Shes the one)

(Shes the one my only one)
