

# Art Garfunkel, How Did You Know?

We walked through the station  
Then you ran and made the train  
I just got caught up in the crowd  
You turned back our eyes met  
You could've sworn I was right behind  
Fear kept my feet flat on the ground

Then you vanished with a smile  
Like you knew that I would be a while

How did you know  
How could you tell  
That one day  
I'd love you completely  
Now we can run  
Into the night  
How did you know  
That we were meant to be  
How'd you know to wait for me

The dim light of insight  
Through friends I heard your name  
And felt the blood rush through my heart  
Symptoms of something good  
That you always understood

How did you know  
How could you tell  
That one day  
I'd love you completely  
Now we can run  
Into the night  
How did you know  
That we were meant to be  
How'd you know to wait for me

We were just staggering the rhyme  
Love is timing without time  
And yours had faith in mine

How did you know  
How could you tell  
That one day  
I'd love you completely  
Now we can run  
Into the night  
How did you know  
That we were meant to be  
How'd you know to wait for me
