

Art In Manila, Anything You Love

Anything you love can be saved, don't you know?
Believing in the living can be a dangerous thing
And now I'm down on my knees, they sting
They carried me here with a note
Anything you love can be saved, don't you know?
Anything you love can be saved, don't you know?
So don't give up
I've come to show my soul, I'm a big black mouth
That will swallow you whole
I've come to show myself, I'm a love that won't die
I will never let go, no
Anything you love can be saved, don't you know?
Anything you love can be saved, don't you know?
So don't give up on me
We can be saved, we can be saved, we can be saved
We can be saved, we can be saved, we can be saved
Anything you love can be saved, don't you know?
(We can be saved)
Anything you love can be saved, don't you know?
(We can be saved)
So don't give up
