

# Art Rush, More Than U Can Know

I understand why we can't be  
Cause loves gotta flow like a melody  
and oh boy there are riffs and  
tides in that sea  
But can you say, that you love me?

I got to know if the feelings there  
I got to know like I need air  
Cause oh boy, these conditions  
just ain't fair  
And asking the question,  
I just can't dare

I understand the place you're in  
even if I never go  
I understand that maybe  
your whole thing is just for show  
I don't want to go back to you  
Can't bear to be so low  
But I definitely love you  
Probably more than you can know

I miss a kiss I'll never taste  
This trippy bitter pseudo waste  
I test myself out from the base  
It's on

I understand why we can't be  
Cause loves gotta flow like a melody  
And Oh boy there are riffs and ties  
in that chord sequence  
But can you say, that you love me?

I understand the place you're in  
even if I never go  
I understand that maybe  
your whole thing is just for show  
I don't want to go back to you  
Can't bear to be so low  
But I definitely love you  
Probably more than you can know.

I definitely love you  
Probably more than you can know.  
I definitely love you  
Probably more than you can know.

You've got a lot to handle  
and there's plenty more to get  
Still I know you'll become  
the strongest person you've ever met

I understand the place you're in  
even if I never go  
I understand that maybe  
your whole thing is just for show  
I don't want to go back to you  
Can't bear to be so low  
But I definitely love you  
Probably more than you can know

I turn so much to venom  
when you're with guys that aren't like me  
My subconscious is much less mature

than I'd like it to be  
But I hope you'll look back at us  
and smile at how you grew  
In fact I hope you remember me  
and I know that you do  
I don't want to go back to you  
Can't bear to be so low  
But I definitely love you  
Probably more than you can know
