Woman Trouble

Craig David and Robbie Craig

Bubblin' all night

Bubblin' from the left

(Woman trouble)

Yes, we're bubblin' from the right

(Woman trouble)

Craig David and Robbie Craig

Bubblin' all night

(Woman trouble)

This is how we do

(Woman trouble)

I feel fantastic, bombastic

Ecstatically astounded

How a girl can really lose her brain

I feel surrounded, confounded

Emotionally dumbfounded

To think you've nearly

Won your game, oh yeah

You said that I have

Been gone too long

Don't try to tell me

That I was wrong (re-remix)

You're totally wrong for me

God, the hurt in my face

Now I know the only thing to do

Is to give myself some space

I bet she never told you everything

That drifted through her mind

All the secret thoughts

Well, I bet you never caught

Her sliding with another man

Such as I did, no, no

I hate to see the way

The finger points at me

I'm at fault, I don't think so

After all is said and done, girl

You know you had your fun

Why don't you leave it there

I feel fantastic, bombastic

Ecstatically astounded

How a girl can really lose her brain

I feel surrounded, confounded

Emotionally dumbfounded

To think you've nearly

Won your game, oh yeah

You said you had a girl

With problems, tell me

Did it lead to heartache

And confusion (re-remix)

Did you wake up in tears

Not knowing where you are
Did you get it in the ear
Like I did, like I did

You said that
I have been gone too long
Don't try to tell me
That I was wrong (re-remix)
You're totally wrong for me
God, the hurt in my face
Now I know the only thing to do
Is to give myself some space
I bet she never told you everything
That drifted through her mind
All the secret thoughts
Well, I bet you never caught
