

Arthur Adams, Get You Next To Me

I'm waiting on the corner
With my cell phone in my hand
Baby you got my number
Anywhere that I stand
Oh I can't wait till I get you next to me
When I dream about you
Every dream I dream is sweet
Oh when I talk about you baby
Let the policeman hold the deed
Baby I can't wait till I get you next to me
Call my number come and see
I can't wait till I get you next to me
If you want my peaches shake my tree
I can't wait till I get you next to me
Day after day night after night
I'm living on the feeling everything gonna be alright
I'm gonna show you how major love can be
I can't wait till I get you next to me, oh baby
Fish love the worm eagle love the sky
Baby I'm gonna love you till the sweet by and by
I can't wait till I get you next to me
Call my number come and see
I can't wait till I get you next to me
If you want my peaches shake my tree
I can't wait till I get you next to me
Call my number come and see
I can't wait till I get you next to me
If you want my peaches shake my tree
I can't wait till I get you next to me
