

# Article One, Above All Else

I come to you with everything  
And I wish that there was more to bring  
Have I really given my all?  
It's a struggle with priorities  
I get lost in all the lesser things in life  
And hope starts to fall  
Oh, I know you understand  
Oh, you hold the world in your hands  
You are, you are, you're above all else  
You stay, always, far above all else  
There's so much I don't understand  
But I'm giving up on doubts I've had  
I'll try  
I try to do what you'd do  
And as each day turns to history  
I learn more about the mysteries of you  
Now you're changing my life  
Oh, I know you understand  
Oh, with all the world in your hands  
As you lead me down this road  
I will follow wherever you may go  
With every step I'll try to close the distance  
Cause where you are is where I wanna be
