

# Article One, Dare To Believe

Not sure how to do this or where to begin  
Caught up in the distance no one wins  
I'm running right to you, stay where you are  
I pray we make it / I can't remember, I can't forget  
Where did I lose you in my head?  
If there's a chance now, to find what we lost  
This time we'll find a way  
Somehow, some day  
I dare to believe we're gonna make it  
We'll find a place where we can shine like the stars  
Our chance we'll take it  
It's far away but there's a light  
I'll wait for you tonight  
The pictures and phrases in my mind  
All come to the surface over time  
Nobody can stop this, like nothing at all  
We're automatic  
Surrender the moment, bring it to life  
I see my reflection in your eyes  
Nothing can stop me from thinking of you  
And every time I pray  
Sometime, someday  
Take this back to the start  
Fix where it fell apart  
I'll wait for you tonight
