

# Artificial Joy Club, I Say

Blah, blah, blah  
The V-chip on my tongue's gone berserk yeah yeah  
One channel left  
I hope you like my talk show network  
Can dress me up  
Can't take me out  
I'll make you squirm  
Without a doubt oh oh

'Cause I say what I feel, it gets me into trouble  
Yeah I feel what I say, I don't care anyway  
And I do what I like, it doesn't make me humble  
I like what I do, it's just my attitude

Steve Austin and I both have bionic mouths yeah yeah  
His saves the world, mine just spews whatever out  
Sometimes my foot gets really stuck  
Inside my mouth  
I don't give a fuck oh oh

'Cause I say what I feel, it gets me into trouble  
Yeah I feel what I say, I don't care anyway  
And I do who I like, it doesn't make me humble  
And I like who I do, it's just my attitude oh oh oh oh oh oh

Hey badabing, hey badaboom!  
My lines don't come on silver spoons  
You don't get refunds when you buy my brand of etiquette

'Cause I say what I feel, it gets me into trouble  
Yeah I feel what I say, I don't care anyway  
Yeah I do what I like, it doesn't make me humble  
And I like what I do, it's just my attitude

'Cause I say what I feel, it gets me into trouble  
Yeah I feel what I say, I don't care anyway

'Cause I do who I like, it doesn't make me humble  
And I like who I do, it's just my attitude

It's just my attitude oh  
It's just my attitude  
It's just my attitude
