

Artimus Pyledriver, Dirt Road White Girl

Done found myself a lady
She treat me just so fine
When I get home at night from workin'
She rub me down, let me unwind

(chorus)
She's my dirt road white girl, roots and all
Come on baby doll, just gimme a call
She's my dirt road white girl, all I need
Down with her man, that's fine with me

Gonna find a way
To make her all mine
Four wheels on my pickup truck
Pumpin' Texas boogie be just fine

(chorus)
