

# Artist Vs. Poet, Exit The Quitters

Oh it's so easy  
to complain about the lifestyles you've endured  
was it so hard?  
so contradicting  
of everything and everyone but you  
we were so callused  
a year went by with no where to call home  
or anything to call our own

(Chorus)  
This was more than ok  
Life will go on without knowing  
Was it really worth the pain  
Could we have reached the goal

What were you hoping for  
a picture perfect story bookish life  
or so it seemed  
well im not waiting for you to make  
your decisions based on a selfish lack of trust  
(What did you expect?)  
im out of sympathy for you

(Chorus)  
This was more than ok  
Life will go on without knowing  
Was it really worth the pain  
Could we have reached the goal

I thought it would last  
(After we have come so far)  
I thought it would last  
(Giving up before we started but)

(Chorus)  
This was more than ok  
Life will go on without knowing  
Was it really worth the pain  
Could we have reached the goal

This was more than ok  
(we have come so far)  
Was it really worth the pain  
Could we have reached the goal
