What's going on 'cross seas
every minute a child dies by this disease
In record numbers indeed
Got mommas cryign out please
My baby hold on
My child aint done nothing wrong
Still i want to holler
Ask them why they don't bother
Oh no, Oh no
Make me turn to my father
And ask him why they all got trapped soul

Nas

I can feel what was bothering Marvin
Why has the words forever remain
Dealing with these modern day problems
'Cause of ignorance surrounding me and my constituents
Too many infected
Too many lives diminishing
Nobody say protestants, jews, blacks, whites,
Latinos, and asians
Pray together
less fight
We better unite
As genocide chemical war
And the rich and the poor
Know that God delivers a cure

Eve
It's a shame our reality is devastating
People praying for a cure
Dying while they're waiting
Ask the lord for the confort and strength to face it
All the kids with dreams
Won't get the chance to chase it
Makes me sad
Think about the lives they would've had
Think about the orphan babies got no moms and dads
How can we sit back and not try to make it right
We gotta come togetehr
We gotta fight for life

Fred Durst
Somebody tell me what's going on
(what's going on)
We got human beings using humans for a bomb
but everyone wanna live
Don't nobody really want to die
you feeling me right
I can't be watching people die
(die)
And watching people cry
Let me break it down for a minute
If there's enough room here for you and me
There's plenty of room for some humanity

Do doo do
some body tell me
what's going on
