

# Aruna, Good Enough

Its dark in here  
Theres a light shining on your face and when its over, youre free to go  
And youll never be the same  
But you wont know til everything has changed

Cuz youre older now  
You see things different, but you get by somehow  
And now theres no one left to live for and nothing left to lose  
Sad but true, its down to me and you

So let it out and hold onto me  
Ill keep you safe  
I feel your heat and I know your history  
But Im not afraid  
Cuz baby theres nothing Im too ashamed or proud to say  
And I love you  
Is that a good enough reason for me to feel this way?

Its quiet now  
And your heart is barely beating but I can hear it still  
And I feel you move through every part of me thats still alive  
And Im weightless here with you

Then we fall back down  
We pick up all the pieces once we hit the ground  
And I watch you fight the good fight and sometimes I watch you lose  
Sad but true, theres nothing I can do

So let it out and hold onto me  
Ill keep you safe  
I feel your heat and I know your history  
But Im not afraid  
Cuz baby theres nothing Im too ashamed or proud to say  
And I love you  
Is that a good enough reason for me to feel this way?
