

# Aruna, Walk On Water

Go there, don't be shy  
Mama's gonna sing you a lullaby  
And if it hurts its okay to cry  
I'll be there beside you

Hey babe, don't be afraid  
Theres nothing left to run to anyway  
And you only get to keep what you give away  
So let it out in this moment  
Take me to heart in this moment

Cuz everything youve wished upon is written on your face  
And everything youve loved and lost is slow to burn but safe to replace

So walk on water if you can  
Cuz loves too thick to understand  
And sometimes learning just aint worth the price you pay  
Hold it open, pass it through  
Keep the contents out of view  
Til youre strong enough to walk away

So far, youre so misled  
Cuz youd rather stand backwards than move ahead  
And its easy to forget what was never said  
Well don't look now cuz Im talkin

And it must be hard to make your peace  
Waiting for a savior to set you free  
From the hounds at your heels that you still cant see  
And all those voices inside you  
Like a shadow of doubt that youre tied to

Cuz everything you stepped away from never left your side  
And everything you wouldnt look at wrapped up around the fear you denied

So walk on water if you can  
Cuz loves too thick to understand  
And sometimes learning just aint worth the price you pay  
Hold it open, pass it through  
Keep the contents out of view  
Til youre strong enough to walk away
