

# As Fast As, Florida Sunshine

You lick your fingers; I'll wipe up the bottles that spilled  
I'll just get drunk and you just keep pop-popping your pills

I've got my head in my hands and it's doomsday over nothing  
Keep your head up, keep your head up, keep your head up

I'll lay you down in the Florida sunshine if you promise that you will  
I gladly gave you something for nothing, but then you moved in for the kill  
Cause you are crazier than me (crazier than me) and I'm crazy for you (crazy for you)  
You keep on spending; I'll just keep on paying your bills  
I've had enough and you just ca-ca-can't get your fill

I've got my head in my hands and it's doomsday over nothing  
Keep your head up, keep your head up, keep your head up

I'll lay you down in the Florida sunshine if you promise that you will  
I gladly gave you something for nothing, but then you moved in for the kill  
Cause you are crazier than me (crazier than me) and I'm crazy for you (crazy for you)

I'll lay you down in the Florida sunshine if you promise that you will  
I gladly gave you something for nothing, but then you moved in for the kill  
Woah, I'll lay you down in the Florida sunshine if you promise that you will  
I gladly gave you something for nothing, but then you moved in for the kill  
Cause you are crazier than me (crazier than me) and I'm crazy for you (crazy for you)
