

Asaf Avidan, Anagnorisis

Finally, it's clear
It's always been you
Rain starts to fall
Follow it up
To where it began
Deep in the ocean
Around our bodies
Anagnorisis

Finally, I know
Drenched to the bone
What you call home
I call redemption
Peripetia

It always sends bad
This time it won't end

Rain starts to fall
Drowning my body
I swim to you
How long has it been
Dormant inside me
Sleeping away

Lovi is a wave
Around our bodies
Lovie is a wave
Inside our bodies
