

# Aselin Debison, Once In Every Life

Once in every life  
Love should leave you without a choice  
Where the only thing right  
Is to follow that still small voice

Once in every day  
It should take your breath away  
Once upon a time  
Should happen once in every life

Once you give it your heart  
Without holding back your soul  
You can dance in the dark  
Cause you're never there alone

Once in every hour  
You should feel the healing pow'r  
Once upon a time  
Should happen once in every life

Once its stronger than you  
There's nothing else you can do  
You stop asking why  
Just let yourself fly

Once in every life  
Love should feel so good you cry  
And your only release  
Is releasing three small words

Once you hear them aloud  
You'll feel heaven coming down  
Once upon a time  
Should happen once in every life

Once upon a time  
Should happen once in every life
