

# Ash, I'd Give You Anything

The days seem the same and you feel like  
You are losing your mind  
I tasted the danger and went south of  
Heaven tonight  
I didn't mind she wasn't into letting go  
I didn't mind 'cos she still was  
Nothing like you

How can you lose when it's waiting for you  
You should come on when  
It's there for the takin  
Waiting for you

The days seem the same and you feel like  
You are losing your mind  
I tasted the danger and went south of  
Heaven tonight  
I want to wake up in the morning  
Feeling fine  
Just like you I want to wake up  
Feeling alright

How can you lose when it's waiting for you  
You should come on when  
It's there for the taking  
Waiting for you
