

Ash, Princess Six

my heart is a tempest with blood and violency
your love is the best take me to the sea
a preminition i pray for everyday
a fairytale ending against the ecstacy
my love has been denied
for the king has lost his mind
no mercy is recieved
for the cruel and jealous queen
and i will never know
how it really feels
to be with the one
that i really need
i'm out of my mind
cause i need your love
i'm out of my mind
cause i need your love
i'm out of my mind
cause i need your love
merely a darling
precious majesty
stolen enchantment
sworn to secrecy
have you forgotten
(?)
(?) they have found you
so run away with me
my love has been denied
for the king has lost his mind
no mercy is recieved
for the cruel and jealous queen
and i will never know
how it really feels
to be with the one
that i really need
i'm out of my mind
cause i need your love
i'm out of my mind
cause i need your love
i'm out of my mind
cause i need your love
my love has been denied
for the king has lost his mind
no mercy is recieved
for the cruel and jealous queen
and i will never know
how it really feels
to be with the one
that i really need
i'm out of my mind
cause i need your love
i'm out of my mind
cause i need your love
i'm out of my mind
cause i need your love
i'm out of my mind
cause i need your love
