Meant to last a lifetime of course  
So the story goes  
And you and I were meant to be  
So the story goes  
I never meant to cause you harm  
Wouldn't want to see you torn apart  
That's all that's left at the end of the day

Couldn't be so cold  
But time will heal all scars they say  
Or so I'm told  
Only bitterness left in yer heart  
Disillusionment torn apart  
But that's all that's left at the end of the day  
So the story goes  
Only bitterness that's in yer heart  
Disillusionment torn apart  
That's all that's left at the end of the day  
So the story goes
