

# Ashanti, Don

Whats up Ashanti?

Hey!

Mmm mmmmmm

Dont leave me alone (x3)

Boy wont you just lay with me stay with me

I would love it if you had your way with me

Cause I just

Cant get enough of your touch

You do the things I need to me so much

I dont wanna let you leave, I dont wanna go, So...

Dont leave me alone (x3)

Ooooooo

Now if I could just be with you

Breathe with you, if you would a asked me I would leave with you

I would go around the globe as long as

I know I will be right by your side wherever you go

I aint gonna let you leave

I dont wanna let you go, ooh I need you here with me

Dont leave me alone

(I dont wanna leave you alone)

Dont leave me alone

(I dont wanna see you go)

Dont leave me alone [2x]

Wherever you go I will follow

Dont leave me alone

Cause I dont wanna be alone

I dont wanna let you go

Dont leave me alone

One of the reasons that I never wanna be alone is that

I dont like what happens to me when I be aroused

It feels like hope

Right before

Ohh baby baby

Cause my heart smiles from inside out

Only you can do it to me baby

You can do it to me so

I cant leave you alone

Dont leave me alone

I just wanna be in your arms all night long

Dont leave me alone

I just wanna be in your arms all night long

Dont leave me alone

Ooooooooooo

Ooo oooh baby baby baby oooh baby baby baby

Be alone

Dont leave me alone

Dont leave me alone

I just wanna be in your arm

Dont leave me alone
