

Ashanti, Don't Leave Me Alone

(feat. 7 Aurelius)

Waddup Ashanti?

Heyyy

Mmm mmmmmm

Dont leave me alone [x3]

Boy wont you just lay with me stay with me,

I would love it if you had your way with me, cuz I just...

Cant get enough of your touch.

You do the things I need to me so much,

I dont wanna let you leave, I dont wanna let you go,

So... dont leave me alone [x3]

Ooooooo

Now if I could just be wit you, breathe wit you, if you woulda asked me

I would leave with you I would go... around the globe as long as I know

I will be right by your side wherever you go I aint gonna let you leave

I dont wanna let you go, ooh I need you here with me

Dont leave me alone

(I dont wanna leave you alone)

Dont leave me alone

(I dont wanna see you go)

Dont leave me alone [x2]

Wherever you go... I will follow

Dont leave me alone

Cuz I dont wanna be alone... I dont wanna let you go

Dont leave me alone

One of the reasons that I never wanna be alone is that I dont like what happens to me when I'm in

It feels like home

Where I belong

Ohh baby baby

Cuz my heart smiles from inside out, only you can do it to me baby, you can do it to me so... I cant

Dont leave me alone

I just wanna be in ur arms all night long

Dont leave me alone

I just wanna be in ur arms all night long

Dont leave me alone

Ooooooooooo

Ooo oooh baby baby baby oooh baby baby baby

Be alone.....

Dont leave me alone

Dont leave me alone

I just wanna be in your arm

Dont leave me alone.....
