

# Ashanti, Don't Let Them

Say that you want me  
Say that you'll never leave me  
You gotta tell me you need me  
Don't let them take your love away  
[Repeat 2x]

Some say that I am a fool to love you  
And some say that I'm too dumb to know what's right for me  
But only I can live my life, and only I can feel my heart ache  
I never claim to know everything but I know when your love goes away  
I can't sleep and I can't eat and I can't live and I can't breathe  
So don't make a fool of me, just love me

[Chorus 2x]

Now they say that me loving you will hurt me  
And they say it's a matter of time before you break my heart  
But even when we're far apart I always feel that you are with me  
I hope and pray almost everyday that our love never goes away  
Cuz I can't see where I would be without your love all over me  
So don't make a fool of me just love me and say

[Chorus 2x]

Baby your all, all that I need, need in my life, right here with me  
[Repeat 2x]

[Chorus]
