

Ashanti, I Don't Need You

Chorus :

Baby I don't need you but I want you so I got you
Got you by my side but things ain't going right
Happy when I see you but I need to keep it real with you
No relationships Im just tryna live

Verse:

Don't wanna hurt nobody
Let me tell you how I feel (tell you how I feel)
I just wanna have somebody I can trust that knows the deal (trust that knows the deal)
Don't wanna make you mad telling you about last night and how much fun I had
Just because I'm not with you I don't need your attitude

Chorus X2

Verse:

The other day you asked why I came home late and who was I with (who was I with)
Don't get me wrong I know you care but I can't get down with all the questioning
Ooohh i like spending time with you but don't get the wrong idea
Don't make me your priority Cause this settling down thing just ain't me

Chorus X2

Just on you know I care a lot about you happy that I found you
