

# Ashanti, Imagine Life

[verse 1]

Every moment I am thankin' my soul  
Feel so lucky having you in my arms  
Wouldn't be the same without you babe  
There's not a thing about you I would change  
I'm incomplete when you're far away  
And when you're here you make me whole again  
At first I really didn't trust it or believe it  
I found someone that'd make me say this and mean it

[chorus]

Couldn't imagine life without you  
I wanna wrap my arms around you  
You're like a miracle in the form of a man  
I wanna gently kiss your face  
Couldn't imagine life without you  
I wanna wrap my arms around you  
You're like a miracle in the form of a man  
I just wanna kiss yo' face

[verse 2]

Sometimes I have to stop and stare  
Might even run my fingers through your hair  
Just to see that this is not a dream  
I gotta see ya smilin' back at me  
And I'm okay as long as you're okay  
Don't have to ask I know ya feel the same  
At first I really didn't trust it or believe it  
I found someone that'd make me say this and mean it

[chorus]

Couldn't imagine life without you  
I wanna wrap my arms around you  
You're like a miracle in the form of a man  
I wanna gently kiss your face  
Couldn't imagine life without you  
I wanna wrap my arms around you  
You're like a miracle in the form of a man  
I just wanna kiss yo' face

[bridge]

Remember when I used to think there was nobody meant for me  
It took a while for me to know someone could really touch my soul  
No matter what may come between, it can't take you away from me  
I'll always be right by your side, so I can say that you are mine  
I always want you here with me  
Don't ever wanna see ya leave  
I always want you here with me  
Don't ever wanna see ya leave

[chorus x2]

Couldn't imagine life without you  
I wanna wrap my arms around you  
You're like a miracle in the form of a man  
I wanna gently kiss your face  
Couldn't imagine life without you  
I wanna wrap my arms around you  
You're like a miracle in the form of a man  
I just wanna kiss yo' face
