

# Ashanti, So Hot

[Chorus]

You drive me crazy  
So I wanna take it to the top  
Ohh can you make it so hot so hot [2x]

Let the fire burn baby  
Cuz I wanna get close tonight  
Baby wen you come inside  
don't forget to turn off the light  
Come on over lemme make a little room  
Meaning to hold you real real tight  
You kissing on my shoulders over and over and over and everything is rite cuz baby only you

[Chorus]

You drive me crazy  
So I wanna take it to the top  
Ohh can you make it so hot so hot [2x]

Now let the water run baby  
You can fill it up to the rim  
And when it bubbles all over  
Baby lets get in  
And I cant help but lookin deep in your eyes  
And wanting to show you these things I like  
With your hands inside mine and your lips against mine  
I almost wanna cry cuz baby only you

[Chorus]

You drive me crazy  
So I wanna take it to the top  
Ohh can you make it so hot so hot [2x]

See nobody ever made me lose my mind  
And I'm so addicted to you babe  
I wanna say your name  
Make me say your name  
Cuz your driving me crazy  
You kno that you make me let go of wateva I'm scared of  
When I am around you, only you

[Chorus]

You drive me crazy  
So I wanna take it to the top  
Ohh can you make it so hot so hot [2x]

I don't wanna stop  
Baby cuz your so hot  
Do it when its right  
Give it to me all night  
I just wanna love  
Everything about you  
Sent you from above  
And I'm glad I found you [2x]
