

# Ashanti, Where I Stand

[Chorus:]

Tell me where I stand  
Are we gonna be hand in hand  
Or did I just fall in love with a friend  
Tell me where I stand  
We ain't gotta move it nowhere  
I just gotta know where I am

[Verse 1:]

You gotta know what I'm feeling when I see you babe  
It's been a while we been dealing with each other this way-eeyh  
And I'm always here to wipe you're tears  
Lying by your side if they turnin on you  
I wanna be your all is what I wanna do I'm giving all I can  
You gotta let me know where I stand

[Chorus:]

Tell me where I stand  
Are we gonna be hand in hand  
Or did I just fall in love with a friend  
Tell me where I stand  
We ain't gotta move it nowhere  
I just gotta know where I am

[Chorus:]

Tell me where I stand  
Are we gonna be hand in hand  
Or did I just fall in love with a friend  
Tell me where I stand  
We ain't gotta move it nowhere  
I just gotta know where I am

[Verse 2:]

I always wanna see you smiling back at me  
And I've been thinkin' this is where I wanna be  
If I can make it so you'll never hurt again  
I'll do whatever say whatever give the best I can  
Should I have another waiting on the side?  
Should I have another that I see at night?  
I wanna be with you and this is what I planed  
But I gotta know where I stand

[Chorus:]

Tell me where I stand  
Are we gonna be hand in hand  
Or did I just fall in love with a friend  
Tell me where I stand  
We ain't gotta move it nowhere  
I just gotta know where I am

[Chorus:]

Tell me where I stand  
Are we gonna be hand in hand  
Or did I just fall in love with a friend  
Tell me where I stand  
We ain't gotta move it nowhere  
I just gotta know where I am

[Bridge:]

Tell me should I care if you care if you stay out all night?  
Tell me should I care if you go out whit another girl?  
And if you give a damn where I'm at  
And if you give a damn where I am  
Then I gotta know where I stand

[Chorus: x4]

Tell me where I stand  
Are we gonna be hand in hand  
Or did I just fall in love with a friend  
Tell me where I stand  
We ain't gotta move it nowhere  
I just gotta know where I am
