

Ashbury Heights, Bare Your Teeth

Make a grin
Like a wolf
Pull a howl
From your throat
Vocal Chords
A Minor Key
Sanity's a single note

Let it out
Bare your teeth
We're all mad underneath

Make your eyes
Autumn skies
Like a flood of rusty swords
Every mouth
Know the song
Dismal tunes of man's dischord

Let it out
Bare your teeth
We're all mad underneath
