Ashbury Heights, Suicide Anthem

Nobody loves me A sadder line Was never written The truth behind My cold depression Deathwish divine We're lonely people Without a spine

Give my regards to the next of kin And tell them all What a smash it has been

I'll say my prayers
I'll say I'm sorry
I'll say my everythings and
Be done with this world

I'd tell the shadows
Beyond the grave
Depression's boomin'
We're on our way
Posthumously
I'll have my day
I'll make a scene a...
Vulgar display

Give my regards to the next of kin And tell them all What a smash it has been

I'm six feet under
Before my time
A virgin nothing
One of a kind
It makes no difference
If I should find
Someone who loved me
I wouldn't mind

Give my regards to the next of kin And tell them all What a smash it has been
