

Ashcroft Richard, Why Not Nothing

Ashcroft Richard
Keys to the World
Why Not Nothing
I aint got time for your politics
Or your masqueraded machavellian tricks
Goodbye, you know i aint got the time

Dont deny it its abuse of the cross
Lets get some of the god squad in the dock where they belong
Ah wheres ya song ?

Its a high road on your own
you gotta learn the way you do
Take my advice dont let em treat you like a fool
Hey babe, Im gonna look you in the eye
Thats when we started singing

Why not, why not nothing
Why not, why not nothing
Why not, why not nothing
Why not, why not nothing

Tonight i need survival through your everyday
Who the fuck are you when you take that mask away ?
Friend i dont know, ahh where do we go?

I do not know whats real on the screen
Hollywoods directing world war 3
Whats going on?, ahh pass me the gun

Its a high road on your own
you gotta learn the way you do
Take my advice dont let em treat you like a fool
Hey babe, Im gonna look you in the eye
Thats when we started singing

Why not, why not nothing
Why not, why not nothing
Why not, why not nothing
Why not, why not nothing
Why not, why not nothing
Why not, why not nothing
Why not, why not nothing
Why not, why not nothing

Cos its a high road on your own
you gotta learn the way you do
Take my advice dont let em treat you like a fool
Hey babe, Im gonna look you in the eye
Thats when we started singing

Why not, why not nothing
Why not, why not nothing
Why not, why not nothing
Why not, why not nothing

Its a high road on your own
you gotta learn the way you do
Take my advice dont let em treat you like a fool
Hey babe, Im gonna look you in the eye
Thats when we started singing

Why not nothing
Why not nothing
Why not nothing
Why not nothing
