

Ashe, Hope You're Not Happy

Looks like you've been doing well
Looks like you've found someone else
How's your family?
How ya been?
I'm doing good I guess
Looks like God is on your side
Looks like I've been off your mind
I'll give you one more pretty smile
And wish you all the best
But the truth is
I hope you're not happy without me
I hope that's it's hard to get out of bed
I hope you get angry about me
I hope you're not happy
Ever again
Ever ever ever ever ever again
Ever ever ever ever
I still think of sunny days
Lightning flashes on my face
Rain reminds me you were mine
Not so long ago
Oh I want you to know
That the truth is
I hope you're not happy without me
I hope that's it's hard to get out of bed
I hope you get angry about me
I hope you're not happy
Ever again
Ever ever ever ever ever again
Ever ever ever ever ever again
Ever ever ever ever ever again
I hope you're not happy
Ever again
