

Asher Monroe, Sail On

The world's a wounded heart.
It beats, beats, beats
In my chest when we're apart
You shine upon me
Candle in the dark
It brings peace, peace, peace
As I look up in the stars
I hope you see me
As I sail on brother
You got my way
I can hear you callin', callin' out my name
And oh how I have missed you
But I still found my way
You blessed me with the callin'
To heal this world with all my pain
/2x

Sailin' on, sailin' on
To see how far I've gone
Sailin' on, sailin' on
With all that I have done
Sailin' on, sailin' on
I am sailin' on
Sailin' on, sailin' on
I am sailin' on
