

Ashes You Leave, White Chains

You confess your sense of guilt
You son of the dust
And you pray for forgiveness
The forgiveness of the sky
Please don't take me with you
Now I won't die happy
You don't trust yourself
You need someone else
Someone you can blame for all
For all your...(bloody deeds)
1000 deaths, sufferings and pain
In this moment, on this earth
Your life are memories life without ending
Love what can give
Only naked snake
Don't take me with you
The man of stories
You kneel beneath the cross
And pray with all your heart
Your inferiority needs...
Someone greater than you
