Love Makes The World Go Around
Here, here I am again
And I'm starin at these same four walls
Alone again
And now, all the colors blend
And Im growing old and I've become
This empty thing

Hold on, its tragic
Stumbling through all this static

I just wanna talk to you
And my broken heart just has no use
And I, I guess promises are better
left unsaid, yeah
Everytime you try to tell me
You say the words that im the only
But I'm the one whos crying on the ground
When you say love makes the world go round

My love, look at what you've done to me
For someone who has felt so strong
It's amazing I'm completely gone

Hold on, its tragic
Stumbling through all this static

I just wanna talk to you
And my broken heart just has no use
And I, I guess promises are better
left unsaid, yeah
Everytime you try to tell me
You say the words that im the only
But I'm the one whos crying on the ground,
When you say love makes the world go round

It's not the love you give me
I'd rather be alone, believe me
It's not the way you've found to treat me
I'd rather walk away

I just wanna talk to you
And my broken heart just has no use
And I, I guess promises are better
left unsaid, yeah
Everytime you try to tell me
You say the words that im the only
But I'm the one whos crying on the ground,
When you say love makes the world go round, yeah
You say love makes the world go round
Everytime you try to tell me
I dont care you're not the only
Dont you know I'm coming back around
Cuz I say love makes the world go round, yeah
Cuz I say love makes the world go round
