

Ashlee Simpson, Outta My Head (Ay Ya Ya)

What?
Is that all you've got to say?
What? What?
You're rubbing me the wrong way
See your lips moving
But I don't catch a word you say
Shut up your chatter
I need for you to go away, uh huh
And all I hear is ay, ya, ya, ya, ya
You're talking way too much, I can't even hear me now
All your noise is messing with my head
You're in my head, get outta my head
Outta my, outta my head, want you outta my head
Outta my, outta my head, get outta my head
Outta my, outta my head, want you outta my head
Outta my, outta my head, that's what I said
What you looking at me for, huh?
Show me respect or I will show you the door
Get out that door
Lately
I've got a problem with the way that you behave
You're too much
And all your questions don't leave me no time for me, ha ha ha ha
And all I hear is ay, ya, ya, ya, ya
You're talking way too much, I can't even hear me now
All your noise is messing with my head
You're in my head, get outta my head
Outta my, outta my head, want you outta my head
Outta my, outta my head, get outta my head
Outta my, outta my head, want you outta my head
Outta my, outta my head

And all I hear is ay, ya, ya, ya, ya
You're talking way too much, I can't even hear me now
All your noise is messing with my head
You're in my head, get outta my head
All your opinions keep them to yourself
Just let me think so I can hear myself
Wouldn't it be nice if I could just go solo, take the day off?
I'd be alright if you would leave me to it, back the **** off
Ay, ya, ya, ya, ya, you're talking way too much
You tell me one more time how I should live
I swear I'll bite your head off
I am who I am and I can't be no one else
You got nothing left to say, keep your comments to yourself, aw!
Outta my, outta my head, want you outta my head
Outta my, outta my head, get outta my head
Outta my, outta my head, want you outta my head
Outta my, outta my head
And all I hear is ay, ya, ya, ya, ya
You're talking way too much, I can't even hear me now
All your noise is messing with my head
You're in my head, get outta my head
Outta my, outta my head, want you outta my head
Outta my, outta my head, get outta my head
Outta my, outta my head, want you outta my head
Outta my, outta my head
And all I hear is ay, ya, ya, ya, ya
You're talking way too much I can't even hear me now
All your noise is messing with my head
You're in my head, get outta my head
