Ashley Roberts, All In A Day

What a difference? a day may may may? (may may may) /12x All in a day

Hard to leave you, hard to stay
Such is life (such is life)
I want to love you (I want to love you),
want to hate you (want to hate you)
I can?t decide
Baby you?ve been smoking in the mirror, way too damn old
And I?m so sick and tired of singing the same song

I still want you and I don?t need you So what do I say aye? (I?m sick and tired of it)

What a difference? a day may may may? (may may may) /12x I?m done

One day I love you, the same day I hate you On one day I gave my heart and you just crushed me with your love On one day you changed me, in the same day you break me On one day these will transpire and we?re here saying goodbye Say goodbye

I can?t stand you, I can?t be without you Who am I? (Who am I?) Insecure, you take em all, yet still I try

Baby I just wanna get up off this rollercoaster I just wanna take back all the things I told ya

I still want you and I don?t need you So what do I say aye?

(What a difference)
What a difference? a day may may may? (a day makes)
What a a a?

One day I love you, the same day I hate you On one day I gave my heart and you just crushed me with your love On one day you changed me, in the same day you break me On one day these will transpire and we?re here saying goodbye

What a difference a day makes
But now that I see the change
No, it?s not the same, not the same
I can?t find my way, it happened all in a day

What a difference? a day may may may? (may may may) /12x What a difference?

One day I love you, the same day I hate you On one day I gave my heart and you just crushed me with your love On one day you changed me, in the same day you break me On one day these will transpire and we?re here saying goodbye
