

Ashley Tisdale, Hair

Im in disarray
Im unkempt
And I love ya, sugar
Yeah this is what you do
When you run your fingers through my hair
In the morning Im feeling like a sexy superstar
Wow, wow
You rock my party
Wanna make you say
Youre the only one that keeps me singing la la la
I love to smell your t-shirt
I like the way you are
But most of all I like it - like it
I like what you do to my hair
Who knew that looking a mess could feel so good
I like what you do to my hair
Toss it and tease it
Run your fingers through it
Love how you do it
Now go and mess it up, mess it up
Baby, mess it up
Mess it up, mess it up
Do it till I cant get enough
I like what you do to my hair
Who knew that looking a mess could feel so good
Im imperfect
So Im me
But I love ya, sugar
See this is what you do
You get my ponytail beside my bangs unlockable
But I dont mind cause I think its kinda super cool
Wow, wow
You rock my party
Wanna make you say
Youre the only one that keeps me singing la la la
I love to smell your t-shirt
I like the way you are
But most of all I like it - like it
I like what you do to my hair
Who knew that looking a mess could feel so good
I like what you do to my hair
Toss it and tease it
Run your fingers through it
Love how you do it
Now go and mess it up, mess it up
Baby mess it up
Mess it up, mess it up
Do it till I cant get enough
I like what you do to my hair
Who knew that looking a mess could feel so good
Tonight Im gonna fix it up real nice
Ill surely tell grab the girls
I want you to mess em up
Ill put on a bow
Cause I want you to know
That you got your name on my heart
Youre wicked bad
And I like the way that you do it baby
I like what you do to my hair
Who knew that looking a mess could feel so good
I like what you do to my hair
Toss it and tease it
Run your fingers through it
Love how you do it

Now go and mess it up, mess it up
Baby mess it up
Mess it up, mess it up
Do it till I cant get enough
I like what you do to my hair
Who knew that looking a mess could feel so good
