

# Ashton Shepherd, Sounds So Good

Hey baby, let's jump in your truck  
We'll ride and watch for lightning bugs  
We'll ride with the windows let down  
There's nowhere else I'd rather be right now

'Cause there ain't nothing like the sound of a cooler slushing  
On the bed of your truck  
And ain't nothing like the sound of real country music  
C'mon, turn it up  
And I love to hear the whippoorwill sing any night  
And the crickets out in the woods  
Ooh, and don't it feel so right  
Don't it sound so good

We'll stop on a old dirt road bridge  
Do you remember when we painted our names on it  
And we'll listen to the creek as it runs  
And we'll count the stars  
Every single one

'Cause there ain't nothing like the sound of a cooler slushing  
On the bed of your truck  
And ain't nothing like the sound of real country music  
C'mon, turn it up  
And I love to hear the whippoorwill sing any night  
And the crickets out in the woods  
Ooh, and don't it feel so right  
Don't it sound so good

'Cause there ain't nothing like the sound of a cooler slushing  
On the bed of your truck  
And ain't nothing like the sound of real country music  
C'mon, turn it up  
And I love to hear the whippoorwill sing any night  
And the crickets out in the woods  
Ooh, don't it feel so right  
Don't it sound so good  
Ooh, don't it feel so right  
Don't it sound so good

Yeah, it sounds so good  
Yeah, it sounds so good
