

# Asia Cruise, Walk Me Out

Got a little [x4]  
Got a little secret  
Don't think I can keep it  
If I let you know  
Promise you won't go  
Havnt gotten my feet wet  
I don't have no regrets  
Cause I saved it all for you  
If we can play a little longer  
Till we feel it stronger  
It will be much better  
All about the pleasure  
You ain't never rushed me  
But eachtime you touch me  
Heres what I want you to do  
Take me by the hand  
Baby understand that  
I need you to make it good for me  
I'm a let you walk me walk me walk me out  
Walk me walk me walk me out  
Move a little closer  
Kiss me on my shoulder  
Want you just as bad as you want me  
I'm a let you walk me walk me walk me out  
Walk me walk me walk me out  
Now we ride up on the weekend  
I'm so sick of creepin  
Ain't nobody home  
We can be alone  
Something about your mouth piece  
Everytime your mouth speaks  
I do what you want me to  
So tonight you be my teacher  
Help me do my research  
Following your lead  
I just want to be  
The one that makes you happy  
Baby don't ask me  
Tell me what you wanna do  
Take me by the hand  
Baby understand that  
I need you to make it good for me  
I'm a let you walk me walk me walk me out  
Walk me walk me walk me out  
Move a little closer  
Kiss me on my shoulder  
Want you just as bad as you want me  
I'm a let you walk me walk me walk me out  
Walk me walk me walk me out  
I'm gunna leave the party  
Leave this party
