

# Asia, Darkness Day

(Payne/Downes)

So  
Do you believe?  
The truth  
Of who we are

Everyone must kneel  
Everyone must bow  
No matter how you feel  
In the sacred hour

And the sun don't shine  
Cos the moon won't fall  
And the sun won't shine  
Is there light at all?  
Its darkness day

Ghost  
I feel it to the bone  
Enough  
The messages in stone

Now the day has come  
Everyone will see  
A new age has begun  
For eternity

And the sun don't shine  
Cos the moon won't fall  
And the sun won't shine  
Is there light at all?  
Its darkness day
