

Asia, Hard On Me

(Wetton/Downes/Palmer)

A secret smile
Comes to my eyes like a bolt from the blue
It's not your style
But it leads me to dream about what we could do

Could it be the same
(Could it be the same)
Ever be the same
(When I call your name)
Could it be the same again
Ever the same again?

It's hard on me
And I know, nothing comes easy
But it's hard on you
Believe me, baby it's hard on me

A trick of light
Your face in the shadows alone in the night
You're in my sights
All I've been thinking I know that it's right

See you standing there
(See you standing there)
Magic in the air
(Magic in the air)
Now the smoke has cleared
Time has disappeared

It's hard on me
But you know, nothing comes easy
But it's hard on you
I need you, always believe me

Could it be the same?
(Could it be the same)
Ever be the same
(When I call your name)
Could it be the same
Ever the same again?

It's hard on me
But I know, nothing comes easy
But it's hard on you
I need you, always believe me

It's hard on me
But you know, nothing comes easy
But it's hard on you
I've hurt you before
Now please don't make it hard on me
