

Asia, Heart Of Gold

(Downes/Payne)

We are the future within our dome
A new generation, we live alone
Washed the words from the subway wall
We had to fight to survive
You still can have it all
So listen to our cry

With a mind of steel, but a heart of gold
The winds of change you can move the stone
By the hands of love you must free the soul
To live forever with a heart of gold

We are the future, we hold the key
The messengers are calling, "wake up your race"
All but man did turn to dust
Then we saw her fall
Cut her down by the sword of greed
So listen to our cry

With a mind of steel, but a heart of gold
The winds of change you can move the stone
By the hands of love you must free the soul
To live forever with a heart of gold

With a mind of steel, but a heart of gold
The winds of change you can move the stone
By the hands of love you must free the soul
To live forever with a heart of gold

You are the future, it's up to you
You are the future, it's up to you
