

# Asia, Heroine

I hold the razor blade up to my face  
I feel the pulse beneath my skin  
The crimson line describes the outer trace  
Of my broken heart within

I thought I was invincible  
Until the sky fell down on me

You are my heroine, do with me what you will  
This is no time to die, no time to kill  
My heroine, my lover to the end  
You give me life again, you are my heroine

I turn my mind back not so long ago  
When I was cast upon the ground  
Then utter chaos rained into my life  
What I had lost could not be found

And I thought I'd live forever  
My time on Earth had ceased to be

You are my heroine, do with me what you will  
This is no time to die, no time to kill  
The gentle waves of rolling sea  
Washing my demons from me  
You are my heroine, all that matters to me

I may have loved you for a thousand years  
But then you've known that all along  
I always saw you as an eagle high in the sky  
So tell me why  
Only you hold the key to set me free

And I thought I saw eternity  
With my own eyes too blind to see

You are my heroine, do with me what you will  
This is no time to die, no time to kill  
My heroine, my lover to the end  
You give me life again with peace you send  
The gentle waves of rolling sea  
To wash all the demons from me  
You are my heroine, all that matters to me
