

Asia, Never In A Million Years

(Wetton/Downes)

Plain evil, I know what's on your mind
Never say you're leaving me behind
No trouble; get that from the start
You know the cost of loving is your heart

I would never leave you
I would never go
I would never leave you
Never in a million, never in a million
Never In A Million Years

Pure pleasure, the love that's in your eyes
You never give me feelings in disguise
Same fever, it comes on all the time
Always lets me know what's on my mind

Live angel, you come to me and cry
Like tears of joy come raining from the sky
I'd never leave you, you knew that from the start
I'll give it to you now straight from the heart

I would never leave you
Never In A Million Years
I would never leave you
Never In A Million Years
